## Redomiciliation to Curaçao:

*A practical solution to reduce the  
impact of doing business with a  
black listed jurisdiction.*

More countries are issuing black lists which may impact existing structures or transactions. Curaçao is offering a practical solution on how to avoid the negative consequences by a redomiciliation of the seat of the company in the black listed jurisdiction to Curaçao. We will address in this presentation the legal aspects related to the redomiciliation, as well as the tax aspects involved in each tier of a structure from the emigration of a jurisdiction until immigration to Curaçao.
